

Have your say

We invite feedback on our 2026 national plan for TBfree pest control operations. We are seeking feedback specifically on the nature, boundaries and timing of proposed operations.

We are not seeking feedback on wider issues such as the purposes of the TBfree programme or the use of 1080 for pest control in New Zealand.

OSPRI encourages engagement with interested communities and those affected by proposed TBfree operations, and invites input on this document until **30 September 2025** through several channels:

- By email to **consultation@ospri.co.nz**
- By post to **National TBfree Operations Consultation, PO Box 3412, Wellington 6140**
- By phone on **0800 482 463**
- By completing the form at **www.ospri.co.nz/have-your-say** website.

Please use the form below to submit your feedback on any of the proposed pest control operations outlined in this document. Threatening or abusive submissions will not be responded to and where necessary will be referred to the appropriate authorities.

Your feedback may become publicly available information. For this reason, please indicate clearly if your comments are commercially sensitive or if, for some other reason, you do not consider that they should be disclosed. Any request for non-disclosure will be considered under the Official Information Act 1982 and the Privacy Act 1993.

Your feedback will be used to help inform the final proposals. Thank you.
