

Register your herd

If you're filling out this form, you need to be:

- the day-to-day manager of the herd, or
- the owner of the herd.

We'll contact you to arrange TB testing.

In the form we ask you to confirm who to contact:

- for reactor or other payments
- about any legal or compliance issues.

I'm the contact for all of these (day-to-day herd manager, legal and payments).

Complete this form and email it to info@ospri.co.nz. We'll respond within 2 working days.

Day-to-day herd manager

Full legal name:

Date of birth:

Trading as
(if applicable):

Your herd

What is the physical address of the farm that the herd is located at (if different from above)?

**What is the landowner
name (if applicable)?**

Has the land recently been subdivided? Yes No

What is the physical TB test address of the herd (if different from above)?
List yard instructions if yards are not visible from the road.

Do you have any lease or run-off blocks? Yes No

If YES, list the addresses:

What is the dairy supply number (if applicable)?

When did you start managing the herd?

How many animals are there in the herd today?

What's your preferred month for testing?

Continued over page...

Is this a cattle or deer herd? (Note that cattle and deer must have separate herd numbers)

Cattle Deer

To register both a cattle and deer herd, contact our Support Centre on 0800 482 463.

What is your herd's enterprise type? (Select one)

- | | |
|-------------------------------|---------------------------------------|
| Breeding | Meat production (including homekills) |
| Milk production (cattle only) | Short-term grazing |
| Velvet production (deer only) | Long-term grazing |

If your herd has more than 1 enterprise type, or your enterprise type doesn't appear on this list, contact our Support Centre on 0800 482 463.

Are you going to include Animal Status Declarations (ASDs) as part of your registration?

Yes No **If YES**, email to info@ospri.co.nz

Provide an approximate breakdown of your herd

	Male	Female
Breeding - 24 months old and over		
Non-breeding - 24 months old and over		
Rising 2 - 12 to 23 months old		
Rising 1 - under 12 months old		

Cattle	Amount	Deer	Amount
How many animals are under 3 months old?		How many animals are under 8 months old?	
How many animals 3 to 12 months old will be slaughtered in the next 12 months?		How many animals 8 to 15 months old will be slaughtered in the next 12 months?	
How many animals over 12 months old will be slaughtered in the next 12 months?		How many animals over 15 months old will be slaughtered in the next 12 months?	
How many animals over 24 months old will be slaughtered in the next 24 months?		How many animals over 24 months old will be slaughtered in the next 24 months?	
How many animals over 24 months old will be slaughtered in the next 36 months?		How many animals over 24 months old will be slaughtered in the next 36 months?	

Do you have any service bulls for sale or lease?

Yes No **If YES**, how many?

Have any of your animals been tested for TB in the last 60 days?

Yes No **If YES**, email evidence, such as ASD forms, to info@ospri.co.nz

Your rights and obligations

We may use the information you provide on this form for our biosecurity. Our programmes are governed by the:

- Biosecurity (National Bovine Tuberculosis Pest Management Plan) Order 1998
- National Animal Identification and Tracing Act 2012.

You have the right to access and correct any of your personal information. To find out more, read our privacy statement (ospri.co.nz/privacy).

To find out more about your legal duties during TB testing, read our TB testing requirements information (ospri.co.nz/tb-testing-requirements).

By ticking this box you are confirming that:

- the information you have provided is true and correct to the best of your knowledge
- you understand and will comply with your obligations under the Biosecurity (National Bovine Tuberculosis Pest Management Plan) Order 1998 and the National Animal Identification and Tracing Act 2012
- you are aware that it is an offence if you don't comply with a National Pest Management Plan.
