

My Moving Day Checklist

For farmers moving animals to another location (e.g. new farm or grazing block)

Moving Day

Be a Mate, Update NAIT

Before moving

- I have tagged and registered all of my animals and my NAIT account accurately reflects what is on farm
- I've filled out an ASD form
- If I have been requested to complete a declaration to livestock transporters (DLT), I have done this
- Set up my new NAIT location
- Completed pre-movement TB testing if required
- Updated my TBfree herd records
- Registered any new grazing blocks I'm in charge of

After moving

- I've recorded a movement in NAIT for the animals I've moved to the new farm (within 48 hours of the movement taking place)
- I've recorded a movement in NAIT for any animals sold or sent to a grazing farm (within 48 hours of the movement taking place)
- I've given my new NAIT location number(s) to those who complete transactions on my behalf (e.g. LIC/CRV or stock agents) and have assigned them access to my NAIT account as information providers
- My contact information has been updated in my NAIT account
- My old NAIT location has been deactivated

My Moving Day Checklist

For farmers leaving farms where
the herd will stay behind

Moving Day

Be a Mate, Update NAIT

Before Moving

- I have tagged and registered all of the animals on the farm and the NAIT account accurately reflects what is on farm
- I have completed, signed and submitted a PICA change form

After Moving (If I am taking over a new herd)

- I have been registered as the PICA for the new NAIT location
- I've given my new NAIT location number(s) to those who complete transactions on my behalf (e.g. LIC/CRV or stock agents) and have assigned them access to my NAIT account as information providers
